FastAPI

Martin Můčka

Student at Masarykova Univerzita
Czechia

Experience

Development777

Python Developer

September 2024 - Present (1 year 10 months)

Brno, South Moravia, Czechia

Engineered a high-throughput Microservices architecture using Python and Flask to resolve complex data archivation challenges and system bottlenecks. Optimized data flow and persistence by integrating RabbitMQ for asynchronous processing and leveraging a hybrid PostgreSQL and MongoDB strategy to maintain performance under extreme loads.

Education

Masaryk University Brno, Faculty of Social Studies

Master of Engineering - MEng, Design and development of software systems · (June 2025 - June 2026)

Masaryk University Brno, Faculty of Social Studies

Bachelor's degree, Programming and development · (September 2023 - June 2025)
